Cable tray angled T-junction plug

Overview

The Cable Tray T-Joint is a durable and versatile accessory designed to connect cable trays at a 90-degree angle, allowing for organized and efficient routing of cables in industrial and commercial installations. Fittings, cable trays, plug connection - T pieces, plug connection. Discover a comprehensive range of high-quality cable trays and cable ladders at ekabel24. Material: Made from high-quality galvanized steel or stainless steel for durability. Characteristic of this steel type is that – prior to mechanical deformation – it is given a zinc coating by means of a continuous dipping process. This zinc coating is easily deformed. The mechanical and electrical characteristics, tests, certifications, overall quality management, recommendations mentioned in this technical guide only apply to our own cable management ranges and cannot under any circumstances be transpos the enclosure. Customize your solution from an extensive range of offerings including M8, M12, M16, M23, 7/8", Valve and Deutsch connectors. Available in straight and angled design as well as multiple pin counts and keyway codings; each style can further be customized by wire size, cable type and color options.
