Fiber optic box socket panel price

Overview

Create idea FTTH Fiber Optic Socket 120x90x25mm 2 Port Fiber It is made of high-quality ABS plastic, which is anti-collision and shockproof. Dimensions: 12.

Key Takeaways

Fiber optic splice boxes and socket panels typically range from $10 to $50 per unit, depending on type, port count, and features.

Fiber Optic Splice Boxes

Fiber optic splice boxes, also known as splice enclosures or distribution boxes, are used to protect and manage spliced fiber cables. They are installed in network cabinets and can accommodate multiple connector types such as LC, SC, E2000®, or ST. Prices for standard splice boxes vary based on size, pre-assembly, and customization options, generally starting around $20–$50 for small indoor units.

High-capacity or outdoor-rated boxes may cost more.

Fiber Optic Wall Socket Panels

Indoor fiber optic wall sockets or FTTH outlets provide a secure termination point for fiber cables in homes or offices. They support SC, LC, and FC adapters, feature dust covers, and are made from durable ABS plastic. Typical 1–2 port wall socket panels are priced around $10–$25 per unit, with dual-port models slightly higher due to additional adapters and internal space.

These panels are compact, easy to install, and optimized for FTTH applications. Termination and Socket PanelsFTTH termination boxes or socket panels allow pigtail splicing and cable management. For example, a 2-port fiber optic socket panel designed for SC, LC, and FC connectors is priced in the $15–$30 range, offering tool-free access, flame-retardant ABS construction, and larger internal space for easier operation.

Single-port termination boxes with pre-terminated pigtails may cost around $10–$20 depending on length and connector type.

Summary of Price Ranges1-port FTT

H termination box: $10–$202-port fiber optic socket panel: $15–$30Standard indoor splice box: $20–$50Custom or high-capacity splice boxes: $50+ These prices can vary based on supplier, shipping, and additional features such as waterproofing, dustproofing, or pre-terminated pigtails. For bulk purchases or specialized configurations, contacting distributors like EFB-Elektronik or online retailers may provide better pricing and customization options.
