Intelligent Networked Control Distribution Box

Overview

This intelligent power distribution unit (PDU) remotely manages and controls the power supply of up to 4 devices via TCP/IP and network connection. Ideal for remote control and management of electrical equipment, whether commercial, residential or industrial. **SEO Description for Intelligent Control Box**Introducing the Intelligent Control Box (Model: YNXK) – the ultimate solution for efficient power management. With a rated voltage of 380V and a current range from 10A to 400A, this distribution control box complies with the GB/T 7251. SMART DISTRIBUTION BOXES FOR FLEXIBLE BUILDINGS. It comprehensively utilizes big data, cloud computing, and mobile internet to build an intelligent temporary power box management platform. The Intellinet Network Solutions 19" Intelligent 8 Port PDU provides your system-critical devices with steady power, monitors current-voltage levels and keeps track of environmental temperature and humidity levels. It adopts a frame structure, providing AC220V, AC24V, and DC12V multiple sets of voltage output, detection, and remote control.

Article Content

Intelligent Control Box

Whether you need to control building fire pumps, HVAC systems, or industrial automation, our Intelligent Control Box delivers seamless performance and intelligent control.

Electrical Distribution Boxes for Power Distribution | Wieland

SMART DISTRIBUTION BOXES FOR FLEXIBLE BUILDINGS. Wieland is your experienced and reliable partner for efficient, pluggable and decentralized electrical installation. Among our distribution boxes

Intelligent distribution box-Product Center-Hangyue Intelligent

Combined with the Hangyue intelligent operation and maintenance system, it achieves permission management for opening (closing) doors and connecting (disconnecting) wires of the distribution box

19" Rackmountable Switched Metered 8 Outlet PDU

The Intellinet Network Solutions 19" Intelligent 8 Port PDU provides your system-critical devices with steady power, monitors current-voltage levels and keeps

Intelligent Integrated Distribution Box

The intelligent integrated distribution cabinet series is a multifunctional intelligent chassis that can support high power demand. Intelligent integrated distribution box integrates the functions of

IoT intelligent power box-IoT Intelligent Box

The ONV-IoT9000-DY-DG intelligent power box is an intelligent power control system with high integration, strong functionality, and simple installation. It

EL2P Intelligent Power Distribution Unit

The EL2P PDU provides reliable, intelligent power distribution in hospitals and clinics, reducing install complexity and enhancing uptime for medical networks

Smart IP PDU control box, 4-ways, TCP/IP power control, SNMP

This intelligent power distribution unit (PDU) remotely manages and controls the power supply of up to 4 devices via TCP/IP and network connection. Ideal for remote control and management of electrical

Electrical AC/DC Power Distribution Box & Cabinet for Industry

© 2026 QK FIBER SYSTEMS - All rights reserved

It has the functions of monitoring the low-voltage side load and frequency of the distribution transformer, collecting power, and controlling the switching of capacitors.

pe4104g_pdu_ds_en dd

Engineered to be an intelligent power distribution solution, the PE4104G IP Control Box ships with 4 power outlets in an IEC socket confi guration. It provides secure, centralized, intelligent, and remote

Elecnova: Electrical Power Distribution Cabinet, Pdu For Network

Unlock unrivaled efficiency with Elecnova''s cutting-edge Electrical Power Distribution Cabinets & PDUs designed for Network Rack Cabinets. Revolutionize your connectivity now!

Intelligent Remote Distribution Box Monitoring Solution

Remote distribution box monitoring By leveraging the intelligent remote monitoring function, you can collect the electric meter readings and implement networked

SPO.227/248 DALI Intelligent Modular Distribution Box

The SPO.227 and SPO.248 are fully addressable, digitally controlled DALI intelligent modular distribution boxes, connected to the SPX Lighting Area Controllers via

Room Automation Distribution Boxes for DALI

Intelligent room automation devices are essential to ensure that they perform their task ideally. For fast, flexible and safe installation, we integrate the devices into

Design of Intelligent Power Distribution Cabinet Based on Intelligent ...

Based on the current status of the development of power distribution cabinet, as well as the current intelligent power network technology and intelligent equipment needs, this paper through the analysis

Low Voltage Power & Data Distribution | LEONI Group

Our intelligent and mechanical boxes in the area of power and data distribution offer modular solutions for all voltage levels and at the same time optimize

Design of a Smart Distribution Panelboard Using IoT

Electric load management through continuous monitoring and intelligent controlling has become a pressing requirement, particularly in light of

Intelligent Distribution | Solutions | ABB

Intelligent Distribution Solutions for smart low voltage electrical distribution Digital technologies such as Cloud Computing, Big Data, Internet of Things (IoT),
