XM model distribution box

Overview

XM series integrated distribution box/cabinet is suitable for AC frequency 50Hz, rated voltage 220V or 400V single-phase or three-phase five-wire lighting and small power lines, it is used to control, distribute, and meter electrical equipment, and to protect against overload . XM series integrated distribution box/cabinet is suitable for AC frequency 50Hz, rated voltage 220V or 400V single-phase or three-phase five-wire lighting and small power lines, it is used to control, distribute, and meter electrical equipment, and to protect against overload . The Low Voltage Distribution Box is a compact and reliable solution for secondary power distribution in industrial, commercial, and residential applications. Designed with a robust steel enclosure, it safely houses circuit breakers, fuses, and control devices to manage lighting, motor loads, and. XM Cabinet is widely used in lighting distribution systems of power station,transformer station,factory,mine,hotels,apartment,buildings,port,railway station,airport,warehouse,hotels etc. Depending on user requirements, they can be installed either surface-mounted or flush-mounted, catering to customers' diverse needs. XM Series Distribution Boxes I. Product. The XM (W) distribution box is suitable for single-phase, three-wire, or three-phase five-wire terminal circuits with rated voltages of 230V or 400V and rated currents of 250A or less.

Article Content

Low Voltage Distribution Box XM

With a simple structure, clear labeling, and easy access, the distribution box ensures safe operation, quick maintenance, and reliable protection for low-voltage electrical systems.

XM Distribution box-Distribution Box-CEA Group International Co., Ltd

XM Cabinet is widely used in lighting distribution systems of power station,transformer station,factory,mine,hotels,apartment,buildings,port,railway station,airport,warehouse,hotels etc.

Low-Voltage Distribution Box (XM)-Guangzhou Yibian Electrical ...

1. The XM series of lighting, electric meters, power control distribution boxes, and meter boxes are available in universal, outdoor, and transparent-window models. This product line boasts a wide

XM distribution box-Rongtai Automation – Expert in Smart Building ...

It is primarily used for controlling and distributing power to electrical equipment, providing protection against overloads, short circuits, leakage currents, and overvoltages. This distribution box is

Xm Power Distribution Box

The XM distribution box is suitable for use in single-phase three wire or three-phase five wire systems with an AC frequency of 50Hz, a rated working voltage of 380V/220V, a maximum total

XM series distribution box

Whether for new installations or upgrades, the XM series remains a top choice for professionals seeking a high-quality distribution box. This article provides a comprehensive overview of the XM series

XM type distribution box-Hengkai Electric Co., Ltd.

It is used as equipment for control and distribution of electrical equipment and for protection against overload, short circuit, leakage and overvoltage of lines. It is used by non-professionals and does not

XM Distribution box -Chuangyuan Electric Co., Ltd. -Distribution box ...

It specializes in the production of transmission and distribution products such as complete sets of high and low voltage switchgear, capacitor compensation cabinets, various power control distribution

XM distribution box

They can be assembled into a complete set of distribution boxes as line overload and short circuit protection, and can be used for temporary power distribution.

XM Distribution box-Tongyuan Electric

XM series integrated distribution box/cabinet is suitable for AC frequency 50Hz, rated voltage 220V or 400V single-phase or three-phase five-wire lighting and small power lines, it is used to control,

XM Distribution box-Tongyuan Electric

XM Distribution box XM series integrated distribution box/cabinet is a series of products developed by our company on the basis of absorbing the advantages of the current domestic popular distribution

Distribution box (XM) price_Manufacturer_How much

Welcome to Wedoany to learn about the Distribution box (XM) prices, manufacturers, specifications, models, and more released by Chongqing Transformer Co., Ltd.. With high-quality products and

Low Voltage Distribution Box XM

XM Series Low Voltage Distribution Box designed for safe and reliable power distribution in commercial and industrial electrical systems.

XM Distribution Box

XM series distribution box is a kind of distribution device designed and assembled into various control functions according to component model, specification and quantity.

XM Low Voltage Distribution Box a New Type of Power Distribution ...

Attributes 110 V, 230 VRated Voltage 1 A, 15 A, 16 A, 50 A, 80A, 200 A, 220 ARated Current Electric Power Transmission, Indoor, Industrial, OutdoorApplication IP55IP Level 6Number of Sockets Smart

XM power distribution box,Zhejiang Changzheng Electric Co., Ltd.

XM power distribution box (hereinafter referred to as metering box) is suitable for use as metering device of AC 50HZ TN-C system (three-phase five-wire) with voltage of 220V. The metering box complies

XM distribution box is simple and effective

© 2026 QK FIBER SYSTEMS - All rights reserved

XM distribution box is used as the distribution box for line overload protection, short circuit protection and line switching. The modified equipment is suitable for civil use or non professional personnel can

XM Distribution Box with GB7251 Standards for 380V

XM Distribution Box meets GB7251.1-2005 and GB7251.3-2006 standards, designed for 380V rated voltage with overload and short-circuit protection for industrial and commercial use.
